

Catalogue of Mental Health Measures

NEWS & UPDATES

Autumn 2022

What's new on the Catalogue?

We recently updated the Catalogue with:

New information page

The [mental health topics](#) page includes thorough definitions for some of the most common topics featured on the Catalogue.

New study

The [Cambridge Study in Delinquent Development](#), the UK's premier developmental criminology cohort following 411 males living in South London, first assessed in 1961, and aimed to test many different hypotheses about the causes and correlates of offending.

New sweeps

The Catalogue is up-to-date with the latest sweep of the [English Longitudinal Study of Aging](#), as well as the latest Covid-19 sweeps of [IMAGEN](#) and [Generation Scotland](#).

LANDSCAPING LONGITUDINAL RESEARCH

We have recently partnered with **The Wellcome Trust** to landscape the world for longitudinal datasets in an aim to create a step-change in depression, anxiety, and psychosis.

Know of any longitudinal datasets? Tell us here: landscaping-longitudinal-research.com or contact us at landscaping-wellcome@kcl.ac.uk.

Upcoming Events

28 SEPTEMBER 2022

Data Science Conference, MQ Mental Health Research

Louise will be presenting on the interface between mental health research and data science.

REGISTER

17 OCTOBER 2022

Emerging Minds Conference, Oxford University

Our very own Malaika will be presenting on the intergenerational transmission of depression and anxiety with the TRADE team.

REGISTER

Welcoming new team members...

Daniel Yu, our 2022-2023 placement student from the University of Bath.

Alice Stephens as a research assistant on the Landscaping project.

...and honouring old ones

We are wishing the best of luck to Georgia, our 2021-2022 placement student and summer research assistant, in her final year at Cardiff University. Georgia made invaluable contributions to the Catalogue and will be missed!
